

Himalayas Fiddle Adventure

Scottish Fiddlers will go anywhere, even 7,000 feet up the mountains of Northern India to the British Hill Station of Darjeeling, home of good tea and a crossroads of cultures. Learn Scottish, American & Indian fiddling from master musicians, explore a 5000-year-old civilization, enjoy the company of your fiddling friends, savor the majestic panorama of the world's highest mountain range and even try your mettle with easy or challenging mountain walks. October is the best time to go, for temperate viewing weather, during the Full Moon.
